When they go to school I would like to find a <b>permanent</b> job and work <b>full-time</b>. What I like most about my job is working in complete silence! The only noise you can hear is of people turning pages and whispering.</p>	<p>2. ## **6. ИНТЕРНЕТОТ**

### *Teenagers and Internet addiction*

Today's teenagers are a generation where there is no line between the online and real life communication. The main way for them to connect is through Facebook.com, which began as a social networking site, but which now is 'a nightclub open 24 hours a day, seven days a week'. Facebook currently receives more daily visits than Google and Amazon. The site has 40 million members worldwide, each using their personal page to email and post news, blogs and photos of themselves. It is precisely that creation of identity which has made it such a teen sensation.

For millions of teenagers, the Internet is like a drug. And the madness of the Internet and of adolescent hormones can be an especially harmful combination. On one occasion, fourteen-year-old Kara met 18-year-old David on Facebook. The relationship, which began as a friendship, became something more on the site. When her parents, who didn't like the relationship, tried to cut off her online access to him, her parents were shot dead by the boy.

Kids are using these sites to act out fantasy. On the Internet, you are allowed the chance to be the best. Besides, lonely, unpopular or troubled teenagers get online and play the roles they want to be. It doesn't matter if anyone is actually reading their posts or not: it just feels good to let it all out.

6.1 Одговорете ги прашањата.

1. Why being a teenager and using Internet is such a harmful combination?
2. Why were Kara's parents murdered?

6.2 Дали следните изјави се Вистина или Лага?

1. a. Teenagers are obsessed with getting their posts read by other teens.
2. Facebook is more popular than Google and Amazon.

6.3 Одберете а, b or c.

#### **1. Kara's parents were shot dead because...**

- a) they did not like Kara's boyfriend.
- b) they do not believe in adolescent love through the Internet.
- c) they wanted to stop Kara having any online contact with her boyfriend.

#### **2. Internet fuels fantasy...**

- a) because people can be whoever they want to be.
- b) because Internet is a world of magic.
- c) because Internet is virtual.

7.2 Прочитајте го текстот и одговорете ги прашањата.

Woody Allen once said, "In Beverly Hills, they don't throw their garbage away, they make it into television shows". Whatever his opinion, I believe we can learn a lot from television.

Firstly, television offers up-to-date information about the world. News reports and current affairs programmes help us to keep up with what is happening both in our country and abroad. Moreover, TV news stories are often broadcast live, so we are able to watch pictures of events as they happen.

Secondly, TV can be extremely educational. Documentaries are an excellent way to learn about topics connected with, for example, history, science, wildlife or foreign cultures.

However, it is true that some of the programmes we see on TV can be useless or even harmful. For example, watching violent films or badly-made soap operas is a

waste of time and it can have negative effects on the way we behave. In conclusion, although not all TV programmes are useful, I think that many of them provide a helpful source of news and education, It is up to us to keep what is really useful and “throw the garbage away”.

Кои две програми ги смета за корисни авторот а кои не се корисни според него? Кои се неговите причини?
